

The Ultimate Master Retreat and Cinema Experience

Ultimate Master Suite Comfort and Privacy

No more noise interruptions.

No more uncomfortable bedding. No more shared spaces. No more worrying about waking the kids.

In most family caravans, privacy between parents and kids is an afterthought—thin walls, open layouts, and shared spaces mean that noise and activity travel throughout the van. The Counterstrike Vincere changes this, delivering a sound-reducing, acoustically designed master suite that offers true privacy, luxury, and an immersive entertainment experience.

Most family caravans compromise on privacy, but the Counterstrike Vincere redefines personal space. The fully enclosed master suite offers a quiet retreat, reducing noise transfer for undisturbed rest. A king-size reclining bed ensures ultimate comfort, while the premium cinema setup transforms the space into your own private theatre. Whether unwinding alone, with your partner, or enjoying movie nights as a family, this is a true sanctuary for relaxation and entertainment.

Surround Sound Entertainment

Transform the master bedroom to a private cinema with crisp, high-definition visuals and immersive sound

- ▶ Smart Projector and premium Sony Surround Sound Bar System
- ▶ Drop-Down Projector Screen fully encloses the space
- ▶ Dual Headphone Jacks for two or uninterrupted viewing for one

Acoustically Designed Privacy

SoundShield Acoustic Interior design offers elegance and functionality

- ▶ Minimise sound travel and outside noise
- ▶ Acoustic panelling reduces vibrations
