

# The Ultimate Advanced Lighting System

**Illuminate Your Journey—Brilliant Lighting.**  
No more bug swarms. No more harsh, glaring lights. No more struggling to find things in the dark.

Designed for ultimate comfort, functionality and quite simply, enjoying nature without the bugs.

When enjoying nature from dawn to dusk, one of the biggest annoyances is insects swarming around lights - both inside and outside the caravan. To solve this, the Counterstrike Vincere includes a customisable white and amber LED lighting that also offers dimmable ambient lighting for a relaxed, high-end atmosphere.

Since insects are not attracted to amber light the system significantly reduces bugs while still providing excellent visibility. Beyond that, the warm amber glow creates a relaxing atmosphere making it perfect for unwinding at the end of the day.

Smart, dimmable, bug-resistant lighting for every moment of your adventure.

- ★ No more swarms of insects at night
- ★ Customisable lighting for every situation
- ★ Total Visibility, without glare
- ★ Smart and comfortable interior lighting
- ★ Designed for both function and atmosphere

## Interior Lighting for a relaxed or functional atmosphere

### Comfortable controlled lighting

Customised white and amber mode dimmable lighting ensures bright functionality or a relaxing ambiance.

- ▶ Ceiling, Under-Cabinet & Floor Strip Lighting
- ▶ Full-length side lights, kitchen lights, and storage area lighting
- ▶ Soft, even lighting throughout the van
- ▶ Select white or amber mode

### Touch-dimmable lights

Individual control without disturbing others, perfect for winding down before sleep.

- ▶ Master Bed Individual bedside Touch Lights
- ▶ Kids Bunks with Portable Touch Lights
- ▶ Relaxing Amber Mode for Nighttime Comfort

## Exterior Lighting for visibility and bug-free evenings

### Perfect Camp Setup at Night

Excellent visibility when reversing or securing gear after dark

- ▶ Rear Single-Row Bar Light
- ▶ Full-Length Side Strip Lighting
- ▶ Dual side full-length, dimmable white/amber LED strip lights

## Surround Illumination

Safe, enhanced visibility in low-light conditions

- ▶ Bright front forward light in white or amber mode
- ▶ Large Dual-Row Driving Light for powerful off-road driving light

## Cook Outdoors Without Bugs

Amber mode allows for comfortable, bug-free evenings outdoors

- ▶ External Kitchen and Storage Lighting
- ▶ Dimmable white/amber LED strip lights
- ▶ Ensure clear visibility when using the outdoor kitchen
