THE COMPACT ADVENTURER

The Scout is famously known for its ability to squeeze into the most tricky spots whilst still providing the quality and stand out features you'd expect in a Kokoda. Featuring an East/West master bed, it amplifies the space that the traditional pop tops just can't compete with. A comfortable 18' in length and a towable 2.7t ATM means that almost anyone can hitch up and head out to make memories in a moments notice.

BIG FEATURES

We didn't compromise on the good stuff Kokoda is known for in our Scout. 2x170 watt solar panels, 2x95 litre water tanks, 2x100AH AGM batteries, 2x20 litre jerry can holders, a full size spare tyre, outdoor shower and entertainment hub are just a few features you've come to expect from us. Inside nothing is overlooked. Contemporary appointments, spacious ensuite, 1.9m bunks, split system AC/heating and a 24" TV will keep everyone happy whether inside or out.

Frame	Meranti
Insulation	Walls & Roof
Cladding (Sides)	High Profile Aluminium (Carbon Fibre Black)
Cladding (Front & Rear)	Flat Aluminium Composite (Matt Black)

BRING IT ALL

One of the stand out features of our Scout is the amazing amount of storage for all of your family's wants, needs and must haves to take along on the ride. With stacks of storage including wrap around overheads, under bed and under lounge storage nobody is going to miss out on taking their favourite things. Externally the full length tunnel boot is further complimented by two half tunnel boots meaning the surfboards don't have to stay home.

TOUGH ALL AROUND

The Scout is built on a rock solid platform! With the 6" Australian made DuraGal steel chassis and 2.7t Tuff Ride suspension you'll be ready for any Aussie off road track including the very popular Gibb River Road Oodnadatta Track.

Optioned on Reverse Camera.
